Province releases schedule for 2013 construction tendering

Manitoba
Infrastructure and Transportation

Manitoba Infrastructure and Transportation (MIT) has released its 2013 construction tendering schedule. It plans to fund repairs and upgrades to almost 1200 kilometres of roads and more than 40 bridges.

Some of the highlighted projects include, completion of CentrePort Canada Way, establishing a multi-year project to upgrade the Perimeter Highway near Brady Road, intersection reconstruction of the Trans-Canada Highway through Headingley and rehabilitating the overpass on the Perimeter Highway at PTH 75.

MIT Minister, Steve Ashton elaborated on the tendering projects at MHCA's Annual General Meeting last Friday saying many of the major repairs of roads and bridges damaged in last year's flood have made for record investments in our roads and bridges. Ashton also thanked MHCA members for their commitment to outstanding work upgrading and renewing the province's vital network of highways and roads.

AMM Resolution supports 1% municipal infrastructure funding

ASSOCIATION OF MANITOBA MUNICIPALITIES

The Association of Manitoba Municipalities (AMM) held its 14th Annual Convention in Winnipeg at the Convention Centre this week. Delegates voted on a number of key resolutions including municipal amalgamation and improving emergency and cellular service.

AMM's Resolution #5 called for a one per cent municipal infrastructure levy. Steve Strang of the RM of St. Clements, the resolution's sponsor, stressed "we need solid, reliable, predictable funding that you don't have to shake someone's hand or get a picture taken with in order to receive." The resolution was passed by delegates.

Delegates also heard from a variety of speakers, including CBC's Peter Mansbridge, Canada West Foundation's Casey Vander Ploeg (who spoke at MHCA's Annual General Meeting last week), and the President of the Federation of Canadian Municipalities, Councillor Karen Leibovici from the City of Edmonton.

Groundbreaker - MHCA's new quarterly magazine was shipped to our members and key stakeholders last week!
